Alexandria, VA 22313-1450

**RENEWED PETITION UNDER 37 C.F.R. 1.181**

Sir:

In the Decision on Petition mailed 27 July 2006, the Attorney Advisor requested a CRF of the Sequence Listing.

The attached CRF contains the same information as the CRF filed 23 March 2006 and as the paper copy of the Sequence Listing filed 23 March 2006.

Regarding the need for complete Declarations, the Attorney Advisor relies on an MPEP section relating to correction of inventorship. Thus, the authority is misplaced and inapplicable.

The executed Declaration filed 23 March 2006 contains three pages, as noted on each page, the three pages come from the same document, 88330, and page 3 properly identifies both co-inventors on a single page.

Thus, the filed Declaration is proper as there is no law, rule or procedure that states to the contrary that applicant has been able to locate.

Finally, Applicants again state the Notice of Abandonment was sent in error well within the proper period for response, and a timely and fully responsive filing was made, again, well within the period for response.

Hence, while Applicants aver that, at the least, the Petition to Revive should be granted, properly, the Notice of Abandonment should be vacated, the application returned to pending

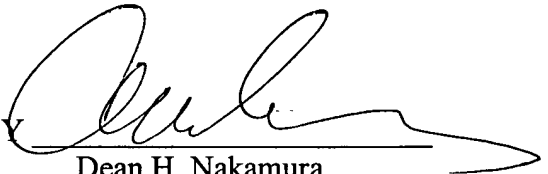

status, and, at the least, a notice be mailed to address any formal matters yet outstanding in light of the good faith response of 23 March 2006.

Accordingly, Applicants respectfully request the instant application be returned to pending status as all formal requirements were fulfilled on 23 March 2006.

It is believed no fee is necessary for this filing. However, if the Commissioner finds to the contrary, Deposit Account No. 02-1818 can be debited the appropriate fee for this filing and any other associated fees.

Respectfully submitted,

BELL, BOYD & LLOYD LLC
